**DEPARTMENT OF MANAGEMENT STUDIES**

**MASTER OF BUSINESS ADMINISTRATION**

The internal board of studies meeting was held on 12/09/2020 at 10.00a.m and the following decisions were unanimously taken after detailed discussion.

The members discussed about the Master of Business Administration syllabus and have framed the subjects based on the syllabus of Standard Universities including foreign Universities.

It is resolved that equal distribution of hours and credits are given to each semester and that the new papers have introduced for MBA Programme.

The department of management studies has enriched the three foreign University syllabuses, say Anaheim University, California USA, Kellogg Scholl of Management and Northwestern University, USA for the subject of International Marketing, Global HRM and Foreign Exchange and Risk Management, because these subjects help the students to know how the organizations conduct the business in a global market place.

**BACHELOR OF BUSINESS ADMINISTRATION**

The board of Studies for UG and PG (Mathematics) was held on 12.09.2020 at 10.30 a.m. University nominee Dr.R.JahliHussain, Associate Professor of Mathematics, Jamal Mohamed College Trichy, the subject experts Dr.S.Sethuraman, Associate Professor of Mathematics, Periyar R College, Trichy, Dr.G.Ramesh Associate Professor of Mathematics, Government college for Women (Autonomous), Kumbakonam, an Industrial person for college Nominee Mr.S.Ramesh Babu, Assistant Statistical Investigator, Department of Statistics, Collectorate campus, Ariyalur, members of the Board of studies in the department and an alumni participated in the meet.

The following decisions of changes of curriculum were made to compare with last revisions curriculum.

### 3 Mathematics

1. The curriculum of UG Maths has been formed maximum based on CSIR – UGC NET.
2. All subjects in the syllabi have been preferred in the international standard of top ten universities in the world.
3. All subjects code have been prefixed with 20 compared with 17 in the last revisions.
4. The course, vector calculus, Fourier series and Fourier transform from the fourth semesters has been shifted to the 3<sup>rd</sup> semester as course code as 20U3MAC6, in which Green's theorem and Stoke's theorem (without proof) were added in the Unit II and Harmonic Analysis was added in the Unit IV
5. The course, Abstract Algebra from the 5<sup>th</sup> semester has been shifted to the 4<sup>th</sup> semester as course code as 20U4MAC7.
6. The Course, Statics from the 3<sup>rd</sup> semester has been shifted to the 4<sup>th</sup> semester as course code as 20U4MAC8
7. The course, Dynamics from the 4<sup>th</sup> semester has been shifted to the 5<sup>th</sup> semester as course code as 20U5MAC9
8. The author of the text book in Graph Theory for the 2<sup>nd</sup> Major elective course in the 5<sup>th</sup> semester has been changed from Narsingh Deo (Graph Theory with Application to Engineering and computer science) to Dr.S.Arumugam and S.Ramachandran (An Invitation to Graph Theory)

- Astronomy course is in the last semester of UG Programme, that induces the students to provide background research on necessary element for astronomical Tour and to examine the potential for the sustainable tourism segment to enhance the offering to visit at various places by the astronomy program.

### PG Mathematics

- The curriculum of PGMaths has been formed maximum based on CSIR-UGC NET Syllabus.
- All every subjects in the syllabi have been preferred in the international standard of top ten universities in the world.
- All subjects code have been prefixed with 20 compared with 17 in the last revisions.
- Algebra and Linear Algebra have been interchanged between 1st semester and 2<sup>nd</sup> semester with course code as 20P1MAC1 and 20P2MAC5 respectively.
- Programming in C++ with its Practical in the 3<sup>rd</sup> semester has been replaced by MATLAB Programming with its practical and with course codes as 20P3MAC13 and 20P3MACPL.
- Real Analysis II in the 3<sup>rd</sup> semester was removed and replaced with graph Theory and its application, which is from the 4<sup>th</sup> semester entered the course code as 20P3MAC12.
- Measure and Integration was introduced in 4<sup>th</sup> semester in place of Graph Theory and its Application, as course code as 20P4MAC15.
- In the last semester, Hands on Project work to encourage students by taking the field visit and Industrial visit by organizing tour program at various places relating to the mathematical project for interpreting the Mathematical Applications.

MINUTES OF BOARD OF STUDIES 2020-2021

The members of the Board of Studies met on 12.09.2020 at 10 am online (zoom platform) to discuss the updates to be carried out in the current syllabi and it is resolved to adopt the following updates / changes:

- Inclusion of a core course "*Quantum Mechanics- II*" in the final semester of M.Sc degree.
- Introduction of an elective course "*Object Oriented Programming with C++*" in the final semester of M.Sc degree in the place of Advanced Optics.
- Swapping of the courses "*Statistical Mechanics*" and "*Solid State Physics*" between first and third semesters of M.Sc degree.
- Inclusion of "*Biomedical Instrumentation*" as an elective course instead of "*Medical Physics*" in the final semester.
- Update in the course "*Thin Films and Crystal Growth*" by including recent advances in these fields as suggested by Industrial/Research Institute Expert.
- Updation of the course "*Nanotechnology*" (M.Sc) by adding advanced technological and Biomedical Applications.
- Introduction of a new course "*Basics of Nanotechnology*" in the final semester of B.Sc degree instead of Communication Electronics.
- Update the contents of the UG courses entitled Thermal Physics and Materials Science.
- Introduction of '*Internship*' as optional component in Project in the final semester of M.Sc.
- Introduction of Massive Open Online Courses (MOOC) in the second and third semester of M.Sc and Third and Fourth semester of B.Sc Degrees
- Introduction of vocational course '*Refrigeration and Air-conditioning Mechanic*'.

PG & RESEARCH DEPARTMENT OF CHEMISTRY

Minutes of board of studies

The board of studies was conducted through online mode. The members of board of studies met on 12.09.2020 at 10.00 am (10.00 am-2.00 pm) through Google meet to discuss about the changes to be carried out in the existing curriculum. The members of the board discussed elaborately the entire syllabus and given a valuable suggestion for addition, deletion, changes/rearranges and incorporation of new courses. It is resolved to carry out the following changes in the existing curriculum without change in the basic structure of the curriculum (Total number of cores, credits and hours). Physical methods in chemistry-I and II and polymer chemistry are changed and bifurcated in to organic chemistry-III, Inorganic chemistry-III and physical chemistry-III. Two new units are framed for each of all the three new courses. Paint chemistry is changed in to Material chemistry. NO change in the M.Phil program

The board strongly accepted and considered the employers feedback to include and update the existing curriculum in the international standard, in view of this, the board introduced new course "Material chemistry" in PG and many content included in UG and PG by referring foreign universities, National university of Singapore, Nanyang Technological University Singapore, Northwestern University, University of California and Stanford University.

**MOOC:** Massive open online course is introduced in the second and third semester of PG and the third and fourth semester of UG programs as an extra credit course from this academic year 2020-2021. Students can avail any one or more of the courses available in MOOC to equip their skill and knowledge themselves.

S.No.	UG/PG	Existing	Revised
1.	PG	Physical methods in chemistry- I	Organic chemistry-III, Unit-1 Modern synthetic reactions Unit-2 Alkaloids, Terpenoids and steroids are introduced
2.	PG	Physical methods in chemistry -II	Inorganic chemistry-III
3.	PG	Polymer chemistry	Physical chemistry-III, UNIT -2 Radiation Chemistry is introduced as separate unit
4.	PG	Paint chemistry	Material chemistry
5.	PG	Organic chemistry	Addition: Alkylation of enolates
6.	PG	17P3CHC8 Unit IV: Molecular Rearrangement and Reagents	Bifurcated in to two separate units 1. Modern synthetic reactions 2. Reagents in organic synthesis
7.	PG	17P2CHC4, Unit -I: Heterocyclics ,Steroids , Unit- III-stereo chemistry Unit V-Organic Photochemistry	heterocyclics updated ,steroid shifted to natural products unit stereochemistry is updated Organic Photochemistry is updated
8.	PG	17P1CHC2, Unit - III Polyacid anions ,Clusters	Changed in to Inorganic chains, rings, cages and clusters
9.		17P2CHC11, Unit - III Inorganic Photochemistry and Main group element	Photo chemistry is expanded and updated. Main group elements omitted
10.	PG	17P1CHC1, Unit-I Group theory	Content Updated
11.	PG	17P1CHC3, Unit III, Thermo analytical method	Replaced by Basics of computer
12.	PG	Inorganic chemistry	Inorganic chemistry-II, Organometallics is introduced as two units
13.	PG	Inorganic chemistry	Inorganic chemistry-III, Bioinorganic chemistry is introduces as two units
14.	PG	Physical chemistry	Physical chemistry-I, Photochemistry is introduced as separate unit.
15.	PG	Inorganic Chemistry	Inorganic Chemistry - I, Inner Transition Elements is introduced as one unit
16.	PG	17P3CHC10, Industrial Chemistry Basic idea about unit operation, General survey of chemical, Food and Nutrition , Basic idea about polymer, Manufacture of Cement	Silicate industries, Battery & Chemical Explosive, Fuel Chemistry, Basic idea about textile fibre and dyeing
17.	UG	General chemistry-IV, unit-V	Colloids Removed
18.	UG	Semester IV	Skill Base Elective Food Preservation introduced
19.	UG	General chemistry-III, unit-IV	Stereochemistry is updated
20.	UG	Organic chemistry	General Chemistry - II Addition, Organic Chemistry of Alkynes

21.	UG	V semester Inorganic chemistry	Solid state updated
22.	UG	General chemistry-I, unit I, and unit-V	Atomic structure is updated and Laboratory safety and hygiene is added
23.	UG	General chemistry-II, unit I,II,III and unit-V	Chemical bonding, S block element and Real gases are updated; Biological function and polymer are removed.
24.	UG	General chemistry-III, unit- I and IV	Nobel gases is included and Stereochemistry is updated
