EXAMINATION AND EVALUATION PATTERN

CONTINUOUS INTERNAL ASSESSMENT (CIA)

Continuous Internal Assessment (CIA) is the most crucial scheme of the educational process. Teaching, learning and evaluation processes are important functions in higher education. CIA has been recognized as the best yardstick to measure the performance of students in different aspects. The talents of the students cannot be measured through a three hour written examination alone. Only CIA can indicate to the teacher and the student how well the student is learning and his level / depth of understanding. CIA motivates the students to acquire important skills and abilities which are not included in the external examinations, which at the most can assess abilities of memory of facts. CIA helps the students not only to get the optimum results but also makes them regular, meticulous and purposeful in their approach towards academic performance.

TOOLS OF C.I.A.

Many tools are available for CIA (i) Written tests, (ii) assignments, (iii) objective type testing, (iv) seminar, (v) practical work in the laboratory, (vi) project work, (vii) Case study etc. Depending upon the programme, the CIA is designed. CIA was introduced in the year 1976 and since then it has come to stay in the autonomous set-up for over 26 years.

Due to the introduction of common pattern of CBCS in UG / PG / M.Phil. programmes, the CIA marks will be 25% and the External Examination marks for Theory papers will be 75% for each course. For practicals, the CIA marks will be 40% and the External marks will be 60%.

CIA COMPONENTS AND THEIR WEIGHTAGE
For all UG and PG Theory Courses

Each course carries 25 marks, as its CIA marks. The break up in the marks corresponds to its components as follows:

CIA Component	Marks	Description
a) Assignment*	5	@ 1 mark for each unit.
b) Tests	15	Mid-semester Test-7.5 marks** End-semester Test-7.5marks**
c) Objective Type testing	5	Under on line mode for PG Programmes and through written mode for UG Programmes.
Total	25	

* One assignment is to be given for each unit for each course.
** For I Semester of any UG/PG program, 5 marks are allocated for Mid Semester Test and 10 marks allocated for End Semester Test.

If a student could not appear for either the Mid-semester or the End-semester test due to any reason, he has to forgo the marks in that test. *Supplementary tests will be conducted for the Mid-semester test absentees only, provided reason for their absence is related to academic affairs.*
- In each course every student must secure atleast 5 marks out of total 15 marks allotted as the test component in CIA. Otherwise he / she will be declared as FAILED in CIA Tests and will become NOT PERMITTED for that course in the ensuing semester examination, provided he / she has acquired the attendance eligibility for that course.

Objective Type testing Examination Guidelines

- In each semester all students must appear for an Objective Type testing examination in each course which will be conducted at the end of the semester and evaluation will be done by the group of Professors conducting that course.
- The Objective Type testing examination scheduled for all courses will be published by the Examination Committee in consultation with the Controller of Examinations.
- The Objective Type testing examination will be conducted under the supervision of an observer appointed by the Examination Committee.
- A student must secure atleast 2 marks out of a maximum of 5 marks allotted for Objective Type testing examination component in CIA.
